Legend

- English
- Irish
- Scotch
- French
- Germans
- Russians
- Scandinavians
- Austrians

Note:- The colours indicate the predominating Origin of the People—not birthplace—in the respective areas: except that, in the case of the British, they are compared as against all other origins, the particular tint used indicating which of the three-English, Irish or Scotch—predominated as against the other two, whether the people of that origin outnumbered all other origins, other than British, or not.
